Dr. Ranjeet Agarwala, Assistant Professor, ECU

Dr. Agarwala's teaching and research interests are in the areas of sustainable energy particularly solar and wind energy. He has been involved in various grants in K-12 STEM education such as the Energy to Educate grant from Constellation Energy, where he was a PI and worked with middle school students from the Lucille W. Gorham Intergenerational Community Center in Greenville, NC to deploy solar power. Dr. Agarwala also worked with ECU students to deploy solar powered cell phone chargers and solar energy assessment.
