PEDIATRIC CONSCIOUS SEDATION COURSE
AGENDA

8:00 a.m. – 8:30 a.m. REGISTRATION

8:30 a.m. – 9:15 a.m. Introduction to Pediatric Moderate Sedation
This is an introduction to enteral moderate sedation in the pediatric dental patient including definitions of various sedation levels. It is also an introduction to concept of rescue.

9:15 a.m. – 9:45 a.m. Behavior Management in the Pediatric Dental Patient
This section will give an overview of child development and non-pharmacologic behavior management that is necessary for increasing success of enteral moderate sedation in the pediatric dental patient.

9:45 a.m. – 10:45 a.m. Anatomy and Physiology of the Pediatric Dental Patient
This section will focus on pediatric anatomy and physiology and patient assessment for enteral moderate sedation.

10:45 a.m. – 11:00 a.m. BREAK

11:00 a.m. – 11:30 a.m. Monitoring – 30 minutes
Sedation monitoring will be covered in this section with an emphasis on the correlation between physiologic functions and output from the monitors.

11:30 a.m. – 12:00 p.m. Nitrous Oxide – 30 minutes
This section will cover the use of nitrous oxide as an adjunct to enteral moderate sedation.

12:00 p.m. – 1:00 p.m. LUNCH

1:00 p.m. – 2:00 p.m. Sedative Medications in the Pediatric Dental Patient – 60 minutes
Sedative medications that can be used children along with a review of pharmacological principles will be discussed in this presentation.

2:00 p.m. – 2:30 p.m. Putting It All Together – 30 minutes
This section will cover the mechanics of a sedation appointment including pre-sedation and post-sedation instructions.

2:30 p.m. – 2:45 p.m. BREAK

2:45 p.m. – 4:15 p.m. Medical Emergencies – 90 minutes
A review of medical emergencies that can be associated with enteral moderate sedation including their recognition and treatment will be discussed with an emphasis on airway management.

4:15 p.m. – 4:30 p.m. Wrap-up and Adjourn
